

```
ffnn::layer::Layer  
::evaluateInputSize
```

```
graph LR; A["ffnn::layer::Layer  
::evaluateInputSize"] --> B["ffnn::layer::Shape  
::size"]
```

A diagram showing a call from the `evaluateInputSize` method of the `ffnn::layer::Layer` class to the `size` method of the `ffnn::layer::Shape` class. A blue arrow points from the left box to the right box.

```
ffnn::layer::Shape  
::size
```
