

ffnn::layer::Convolution
::Configuration::setShapeOptions

```
graph LR; A["ffnn::layer::Convolution  
::Configuration::setShapeOptions"] --> B["ffnn::layer::convolution  
::output_dimension"]
```

The diagram consists of two rectangular boxes connected by a dark blue arrow pointing from left to right. The left box has a light gray background and a black border, containing the text 'ffnn::layer::Convolution' on the first line and '::Configuration::setShapeOptions' on the second line. The right box has a white background and a black border, containing the text 'ffnn::layer::convolution' on the first line and '::output_dimension' on the second line.
