

```
std::conditional::type  
< is_dynamic< SizeN >  
::value and is_dynamic  
< SizeM >::value, std::true  
_type, std::false_type >
```

```
ffnn::layer::is_dynamic  
_pair< SizeN, SizeM >
```

A blue arrow points from the `ffnn::layer::is_dynamic_pair` box to the `std::conditional::type` box, indicating a function call or template instantiation.
