

```
ffnn::layer::convolution  
::Filter::operator*=
```

A diagram illustrating a transformation or assignment. On the left, a gray rectangular box contains the text 'ffnn::layer::convolution' followed by '::Filter::operator*=' on the next line. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'ffnn::layer::convolution' followed by '::Filter::array' on the next line. Both boxes have a thin black border.

```
ffnn::layer::convolution  
::Filter::array
```
